## **Castillo de Canena Smoked XV Olive Oil**

Since 1780, the Castillo de Canena estate has been producing exceptional oils in the Guadalquivir Valley of Andalusia in the south of Spain. This oil is produced by slowly infusing Castillo arbequina oil with naturally produced smoke from a mix of oak, beech and birch wood, imparting to the oil undertones of caramel, vanilla and toffee. This unique oil is divine on its own, or pair it with your favorite recipes to create more complexly flavored dishes.
