

Matiz Navarro Piquillo Peppers

ESPAÑA

Origin: Indigenous to the Ebro River Valley of Northern Spain, in the region of Navarra.

Profile: For generations, these unique peppers have been picked and produced almost entirely by hand. Slow roasting over open fires gives them a complex, rich and teasingly spicy-sweet flavor.

Producer: This small family-owned producer works exclusively with the same local farmers year after year to support local agriculture and to guarantee the quality of their product.

Uses: Try cooking, roasting or sautéing with them. Put them in salads or stuff them.
